Product Description

STIHL MS 250 - 18"

When you rely on firewood to keep your home warm and cozy, you need a good chainsaw to build a solid woodpile. With an exceptional power-to-weight ratio, the STIHL MS 250 is up to the job. It's easy to use and combines great features to tackle clearing or cleanup tasks, as well as cut through small limbs and trees. For many years, the MS 250 has been a customer favorite, a model of efficiency and reliability that brings incredible performance every time.
